HEAT ADVISORY STAY SAFE IN THE HEAT

DRINK at least one quart of water for every hour you are active.

Do not wait until you are thirsty to **DRINK** water. It's too late! Your body is a quart low in water and you've already started to dehydrate.

Keep drinking 6-8 gulps of **WATER** at least every 10 minutes when active outdoors.

AVOID coffee if planning on participating in outdoor activities. Coffee is dehydrating!

WEAR a hat and light colored, loose fitting clothing with long sleeves.

CARRY a cell phone in case of an emergency.
